“ I started working with Allyn in 1991 as staff members of the Butler Soil Conservation Service (SCS), later becoming the Natural Resources Conservation Service (NRCS) as our responsibilities extended far beyond traditional soil conservation. We worked together until 1999, sharing the commute to work and many deep conversations on faith, family, and farming. Allyn had an excellent combination of practical farming experience, engineering expertise, and people skills that enabled the installation of many conservation projects in Butler County. He truly made the world a better place and will be greatly missed. Our sympathy goes out to Jessica, Isaac, and other friends and family

“ I worked with Allyn during his entire Yaggy Colby/SEH career. We enjoyed talking about different woodworking projects and different gardening questions that I had. He was very knowledgeable and did multiple things with SEH. He was always willing to help you with any questions you had about anything. I know he was a man of faith and loved his family very much as he talked about Jessica and Isaac every time we talked. We talked often including just recently about many things and I will definitely miss his guidance and wit. I'm sure he will be missed by many.

“ With nearly 20yrs of working together in the field, we shared lots of conversation's, many of his centered around his family and faith. He loved his conservative AM talk show stations at lunch, along with his thermos of hot coffee....even if it was 90+ degrees outside! He was a very talented wood worker and taught me many things about it. A true jack of many, many trades and a hard worker. He will be missed. My thoughts and prayers go out to all of his family and friends.

“ Allyn was my first cousin and I remember being a waitress at their wedding reception. We did not see much of each other when we were growing up because our parents were all dairy farmers and we lived about an hour apart. In those days that seemed like a long ways to travel!!! He was two years ahead of me in school and I always admired his good looks. The last few years we had bumped into him and had some good conversations catching up- regretting that we hadn't spent more time together- you have our sincere sympathy. He was a good guy and gone too soon. Twila and Nelson Converse

“ Allyn was a co-worker of mine for many years. I enjoyed working with him and considered him a pretty darned good friend. We shared a common interest in woodworking and he helped me build up the tools in my workshop. Allyn knew Jesus Christ and believed the Bible is all true and complete. After I retired, we continued to talk and got together on several occasions. I will miss him.
