“ I just discovered that Barb passed away in January of this year. I knew both Brent and Barb. Brent attended UNI with my brother, Jim Braun and when Jim graduated from UNI, he asked Brent to ‘look after his little sister, meaning me. Brent did just that and I have fond memories of his being like another ‘big brother’. He was fun to be with and truly a good friend which we shared many good laughs even about my ‘becoming a full fledged coed at UNI. He was very protective of his friend’s little sister! I knew Barb when we both lived at the YWCA in Mason City and when she and Jay were first dating. We had lots of fun at the Y. I think they were the most wonderful friends. You have my thoughts and prayers. I was blessed to have them touch my life ❤️!
