PS

“ *My best memories of David are from the summers I spent on his family's farm in Wilton. It was a lot of fun and sometimes a lot of hard work. I remember making hay & loading it into the barn side-by-side with David and Dennis. That was the hardest physical labor I had ever done since it was before some of the modern technology available to farmers today. I remember riding along with them on the milk route back in the day when his father would deliver milk to individual homes. I remember the warmth and the love I always felt in their home. I am so sorry for your loss & I look forward to the day when we are all reunited in heaven thanks to Jesus.*

Jasmine could you send me a copy of this so I can put them on a cup for Logan and I'd like to add them to his photo collages I am making for the funeral. And your very right....she's still so little to try to even understand....we will just keep his spirit going and his memory alive for the girls to always know how much he adored and loved them and that papa is always watching over everyone.
