“ Donna and I spent time together in high school, The Iowa Welsh Society, and the Welsh Church on Old Man’s Creek. I think we were also distantly related. She was a kind person and a good friend.

“ I remember when I brought you your very own Barbie you were so happy because you hadn’t received one in a long time. When I did your makeup you looked so pretty. I will never forget about you love you so much grandma Donna ❤️🕊️ I also remember when we did the Iowa hawk guy quiz (you obviously won ❤️) but I will never forget about your pet pig that you saved and your pig decoration that you had painted the ground hooves black ❤️

“ I can't believe your gone. you helped me with the passing of my grandma and now your gone. I was so lucky to have you as a “grandma” and I wish I could go back in time and spend every day with you. I remember when I asked if I could call you grandma and you said oh I would love that. And I would always hate leaving your apartment not knowing when I could visit you next and seeing you get so sad when my mom has to come get me. I hope you know how much you healed me after the passing of my grandma. You were the grandma that stepped up to help me in a way others wouldn't even understand even though we weren't related by blood you sure made me feel like you've been there my whole life. Even though I only knew you for 8 months you helped me so much and I will miss seeing your smile every time I went to the nursing home. I love you so much -Kady
