“ Judi was a dear friend in high school and the greatest supporter of the Class of 60. We maintained contact when I returned on visits and later through Facebook. I was able to have lunch with her and three other classmates last summer. A wonderful person!

“ Judy and I were in the same class at Hampton High School. We remained friends and got together for lunch at Rustic brew restaurant more recently with several other classmates. She always had a great smile and sense of humor. She will be missed by all of us who knew her as well as her family. She and Ed will now be together. I know how much she missed him. Prayers to all of her family.

“ When I moved to Hampton, I was fortunate enough to have Judy be my neighbor. She was a loving, kind, and God fearing woman. My dog, Daisy, use to bark outside her place so Judy would come out. Even Daisy knew what a great person she was. I'll miss her but she is now with Ed. She longed to see him again. The Hansen was blessed to have her.

“ *Judi has been a friend for many, many years. We were in Mother's Club together, worked at school at the same time, and church things. I never saw her without a smile. She talked about her Eddy and she missed him so much. Now they are together again. Love and prayers to her family.*

Judi was a favorite cousin of mine. Growing up in Iowa I spent many a weekend in Malcom playing with her, her older brother Ron, and younger brother Dick. Judi and my mom were very close because they both went into nursing. During the summer we often visited back and forth and she even went on vacation with our family to Florida. Judi was a wonderful mother and grandmother and greatly loved by her family. She was a lot of fun and she enjoyed riding horses at our farm and home in Oskaloosa. I have so many wonderful memories and wish we could have spent more time together as adults but Iowa and Georgia were a long distance apart. She readily shared her time and talents with others.

“ My favorite memory of Judi was cleaning out the old church kitchen and finding two drawers full of throwaway plastic tablecloths, some ripped and some stain. I looked at Judi asking what we should do with them and she responded “that’s why they call them disposable” so we threw them. Always kind and loving, our visits on the trail and in front of our house were so special. Prayers and hugs to this family, she will be missed
