“ My fondest memories of Julia are the times that we spent with our grandparents and the Janssen family. We usually went to Grandpa and Grandma's every other Sunday. Julia always came with a fun, smile on her face. Her laugh was contagious and she simply loved and enjoyed everyone

I am going to make this a tribute to both Harley and Julia. I will never forget when my dad died,...Harley came speeding up our driveway and he got out of his truck with the engine still running and ran into our house to be with us and to embrace us. Until after the funeral, he never left our side, He went with us to the funeral home, to the cemetery. He was our rock! And I know Julia was by his side supporting all the way.

I believe a memory of Julia I will never forget was when I was at my lowest in life,,I had to drop out of nursing school because I failed one course, I went home and Julia and mother were there. Rather than being judgemental, Julia told me it was ok, it wasn't meant to be, and everyone was still very very proud of me. I strongly feel that set the course for the compass in my life. I did turn out OK!!! Thank you Julia...we love you and we will miss you!!
