“ Butch and i went to grade school together in Alden. Butch was a good athlete and was very competitive in sports. Butch and i were both alpha males, which means we tangled often. Whenever we chose up sides for sports, Butch was always chosen 1st or 2nd. I always felt that Butch had a lot of potential and the only thing that made us different was i had the support of my family. If Butch and Merle could have had a more supportive parent present, who knows where life could have taken them. I'm sorry i did not get to visit with Butch later in life.
